(54) TICKET ISSUING DEVICE, CONTENTS DISTRIBUTION SYSTEM INCLUDING THE SAME, AND CONTENTS DISTRIBUTING METHOD

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a ticket issuing device which can issue a ticket corresponding to contents other than the contents included in a sold article.
SOLUTION: A voucher issue processing part 505 receives a request to issue a voucher from a terminal maker 101, and generates and issues the voucher to the terminal maker 101. A ticket issue processing part 508, on the other hand, receives a request to issue a ticket by the presentation of the voucher from a contents store 102, and generates and issues the ticket with corresponding contents to the contents store 102. The contents store 102 provides the contents corresponding to the ticket for the buyer and then even contents other than the contents stored on the medium included in the article can be provided in exchange for the voucher.
